EYFS/KS1 Nativity filming and photographs

For parents new to the school, we would like to outline our policy on films and photographs ahead of the upcoming Nativity performances. The school films the entire performance in the week before the public performances. Parents then have the option to order a copy of this by completing the order form available in the entrance hall after all of our performances. We also take cast photos which are available to order at the same time.

On the guidance of the East Riding GDPR team, as these pictures and films are not distributed on any public platforms or in the local media, they include all pupils in all classes. However, we will not post any pictures on our Twitter page which include any pupils for whom we do not have photo release consent. We ask that wherever possible you try not to use your own phone to take pictures during the performance to avoid disturbing those around you (and potentially distracting the cast!). If you do take any pictures while in school, we ask that they remain for your own private use and that you do not share them on public platforms. Thank you.
