Wrap-around care from April 2024

We are now in the position of being able to confirm that school will be operating its own wrap-around care from the start of the summer term.

In line with the latest government pledge to parents, the provision will ensure children can safely access school activities from 8am until 6pm. As is generally the case when care provision becomes an extension of existing school activities and procedures, we are afraid it will only be available for children currently on our school roll.

Our first step is to now appoint a wrap-around care coordinator from our existing staff team or, failing this, via external recruitment. We will also shortly be advertising for staff to support the coordinator in the daily running of the provision.

As I'm sure you can appreciate, we still have a number of operational issues we need to finalise before we can issue any firm details as to exactly what the care will look like. However, we do anticipate that the booking and billing interface for the wrap-around care will be done through the existing school online payment portal.

At this stage, we simply wanted to assure our families that there will be replacement provision in the village. We will of course share further details once we are able.

Thank you for your patience and continued support.
